GENERAL

I. Notifications Management Extension For „Travel Allowance“

Functionality Area	Notifications	
New Functionality	Notifications Management For „Travel Allowance“	

Description:

In the notification management „Travel Allowance“ stays now at your disposal, for the actions „routing specific notifications“ and „E-Mail transmission“. (Version: Travel allowance with form for other means of travel (e.g. taxi, company car, private car))

In this way, also processes like defined hints or e-mails can already be sent out e.g. to the traveller (instead of only at the moment of the booking)

GENERAL

II. Bonus Points Allocation Extension

Functionality Area	Bonus Points	
New Functionality	Extended Options To Bonus Points Allocation	

Description:

Using the functionality „onesto Bonus Points“ you have now the possibility, according to the travel policy, to credit bonus points for the employees e.g. for the usage of defined airlines. The collected points can be used for a later trip, e.g. in the business class.

The existing functionality is now extended, so that instead of the points allocation by airline groups, optionally it is possible to allocate the points by price groups. Based on the cheapest price, the points to be collected can be allocated to travellers on four individual levels.

GENERAL

III. Passport Selection During Booking

Functionality Area	Profile Settings
New Functionality	New Selection Possibilities For Profile Settings

Description:

onesto supports saving more passports in the traveller profile. In the booking process, there is now the possibility to select the wished passport for a certain booking. It is not necessary to open the respective traveller profile.

Additional requirements

Because of U.S. immigration rules of the Transportation Security Administration (TSA), the following information is required. Note that first name(s), last name and date of birth must match to the particulars in your passport. Detailed information is available at www.tsa.gov

Last name (without title) *

First name *

Date of Birth *

Redress Number

Known Traveler Number

Passport

Following passport will transfer to the airline: **Passport**

--- Please select ---

--- Please select ---

France ...3564

Germany ...4231

(ESTA) *

Requirements please contact the appropriate government authority in the country of your

may require an ESTA authorization.

More information can be found at <https://esta.cbp.dhs.gov>

Fare conditions *

Simplified displaying of cancellation and rebooking penalties are for information only. I accept exclusive rate terms of the selected flights, which can differ from simplified display.

GENERAL

IV. Calendar File Name With Description Of Travel Mean And Time Zone Transmission

Functionality Area	Booking	
New Functionality	Extended Selection Possibility During The Booking	

Description:

In order to better differentiate between the booked means of travel present in the calendar files of the confirmation e-mails, these were now renamed, according to the booked mean of travel.

Example:

 Itinerary-O1059218.pdf (81 KB)
  Flight-O1059218_1.ics (1 KB)
  Flight-O1059218_2.ics (1 KB)
  Hotel-O1059218_1.ics (2 KB)

The booked mean of travel will be stated (e.g. Flight), followed by the order number and the sequence number (_1) for the first flight, (_2) for the second one, etc.

Supplementary, starting with this release, the time zone will now automatically be transmitted. In this way, the correct time display in various time zones will appear in the calendar (lapotop or mobile device):

Mi 14.06.2017 	11:50 
Mi 14.06.2017 	13:25 

GENERAL

V. Customer Card Extension

Functionality Area	Customer Cards
New Functionality	Extension Option

Description:

In the area of customer cards you have the possibility to insert membership cards for various airlines. Besides these, also a rail card, a credit card, hotel and car rental cards, your passport, respectively your identity card can be saved.

For the rail area, also the SBB rail card for offline orders is admitted now.

Temporary rail cards can be saved now, too. For this purpose, only the corresponding rail card type and its validity date will be saved. This card will automatically be used in the booking process. In the hotel area, the cards for „Grange“ and „Trustel Club“ are also admitted now.

GENERAL

VI. Minimum Stop For Flight Connections

Functionality Area

Profile Settings

New Functionality

Extension Option

Description:

The flight search allows now to take into consideration a minimum stop for connections with stopover.

It will be ensured in this way that, the defined time for the stopover will be sufficient and no connections will be offered to the booker, when the stopover time is not enough.

GENERAL

VII. Entry Regulations Display And Confirmation

Functionality Area	Entry Regulations	
New Functionality	Geographical Extension	

Description:

The existing functionality for displaying the entry regulations for USA journeys is now extended by another country. Starting with this release also entry regulations for Canada will be shown. These must be confirmed by the user during the booking.

The activation of this functionality will take place automatically for all systems.

Additional requirements

Because of U.S. immigration rules of the Transportation Security Administration (TSA), the following information is required. Note that first name(s), last name and date of birth must match to the particulars in your passport. Detailed information is available at www.tsa.gov.

Last name (without title) *	Sampaleanu
First name *	Calina
Date of Birth *	Sun, 02.09.1973
Redress Number	
Known Traveler Number	

Entry requirement for Canada *

New entry requirement now in effect: visa-exempt foreign nationals need an Electronic Travel Authorization (eTA) to fly to or transit through Canada. Exceptions include U.S. citizens, and travellers with a valid Canadian visa. Canadian citizens, including dual citizens, and Canadian permanent residents cannot apply for an eTA.

Important: If you are stateless or if you are travelling with a travel document issued to non-citizens, such as an alien passport or a refugee travel document, you need to apply for a visa to visit or transit through Canada.

Fare conditions *

Simplified displaying of cancellation and rebooking penalties are for information only. I accept exclusive rate terms of the selected flights, which can differ from simplified display.

CAR

I. New Functionalities Car Pool (1/3)

Functionality Area	Car Pool	
New Functionality	Advanced Display Options	

Description:

onesto Car Pool offers the possibility to administer company pool cars and to steer the delivery via the own „stations“. The booking takes place similar to a car rental booking and offers the car pool administrator, full transparency for the own cars and their utilised capacity .

The following new functionalities are included in this release.

In order to receive exclusively pool cars at a car rental request, there is the possibility to set the car pool as predefined provider for the request:

Sample	Car type (example) ▲	GPS	A/T	A/C	Distance ▲	Price ▲	
Mini							
+	MERCEDES-BENZ GLK 350				0.8 km	160.00 €	Select
+	TOYOTA Avensis Combi Navi				0.8 km	352.00 €	Select
car pool							
Standard							
+	AUDI Q7, 7-Sitzer, AUDI A6 Quattro, Diesel Navi				0.8 km	792.00 €	Select

The extension of this functionality allows for requests of car rentals and their availabilities, to offer exclusively pool cars in various categories.

	VW Polo				1.2 km	80.98 €	Select
	MERCEDES-BENZ GLK 350				1.3 km	20.00 €	Select

CAR

III. New Functionalities Car Pool (3/3)

This functionality stays at the disposal of the Car Pool administrator for avoiding bookings in the category „van“, in case the booker does not need these or, alternatively, smaller cars are needed.

In this respect, cars can now be blocked for a certain period of time, e.g. for service, etc. If needed, blocked periods can further be defined.

	<input checked="" type="checkbox"/> Block vehicle	
From	Tue, 13.06.2017 08 <input type="text"/> : 00 <input type="text"/>	
To	Wed, 14.06.2017 08 <input type="text"/> : 00 <input type="text"/>	<input type="button" value="Add"/>
Remark	<input type="text"/>	
List	Tue, 13.06.2017 08:00 - Wed, 14.06.2017 08:00	

For further questions to the Car Pool and/or to these new functionalities, please contact your onesto contact person.

HOTEL

I. Display Accessibility For People With Disability At Hotels

Functionality Area	Display	
New Functionality	Symbol For The Accessibility For People With Disability	

Description:

In order to allow guests with disabilities an easier process of booking the hotels, the corresponding hotels will now be marked with a symbol.

Hotels will be marked with a symbol, when they have facilities for people with disabilities. These can be, for instance, special organized rooms or corresponding access paths to the hotel. Details to these facilities are available directly at the respective hotel.

 HOTEL

II. Hotel Overview Maps With Traffic Light Display

Functionality Area	Hotel Overview Maps	
New Functionality	Traffic Light Display	

Description:

In onesto you have several possibilities to define your travel policy:

- At first, a sorting by price will follow; here you define the prices, starting with, the traffic light will get yellow or red
- For defined hotels you can allocate a fixed traffic light colour
- The traffic light colour can also be defined by category

According to the definition, your travel policy (traffic light colour) will appear in the onesto search result list and starting now also in the map overview of all hotels.

Name of hotel	Distance	Rate
Aparthotel Adagio Muenchen City Munich	3.1 km	250.00 €
